Greg Dunlop MA, VetMB, CertSAS, MRCVS

Date : Thursday 18th/ Friday 19th January

Cost: £700

Venue : VSCCO, Lisburn, Co. Antrim

Sponsored by :

Course Objectives :

This course is designed to build confidence in principles orthopaedics. We will look at the diagnosis and treatment of common fractures that occur in day to day practice.

The main focus will be on fracture planning and methods of repair; these will encompass internal fixation methods including cerclage wire and tension bands, I/M pin and also external fixation

We will familiarise you with specialist orthopaedic instrumentation and have the opportunity to use it in the practical dry and wet lab over two days.

This course will be followed up by another course on "*Principles of Orthopaedics (2)– Bone Screws and Plating*" a to be decided.

Other Information:

- *Both courses are limited to MAX 16 delegates.*
- *To book a course please contact Silvija Husar, Companion Animal Sales Manager for Northern Ireland (silvija@dugganvet.ie or 00353 (0)87 3669548).*
