

5th March 2020

VSSCo, Lisburn

7.15pm Supper

8.00pm Main presentation

A two part talk . . .

TB or Not TB? That is the Question

Case based discussion on the various forms of feline TB that can make this condition under-recognised. How TB can be diagnosed and treated? What is the zoonotic potential and what role has raw feeding played in a recent outbreak

FIP - Hope on the Horizon?

A brief update on FIP and the progress that is being made in the treatment of this frustrating condition

Speaker: **Nicki Reed**

Nicki graduated from the University of Edinburgh and initially worked in general practice before returning to the University of Edinburgh. Between 1999 and 2015, her roles at the University comprised Manager of the General Practice, Resident in Internal Medicine (sponsored by ISFM), Lecturer in Internal Medicine, Head of the Feline Clinic and Senior Lecturer in Internal Medicine. Since 2015 she has worked in private referral centres, to focus on clinical care and recently returned to Scotland to be involved in the setting up of a new referral centre – Veterinary Specialists, Scotland, where she currently works. Nicki is an EBVS Recognised Veterinary Specialist in Internal Medicine, and an RCVS Recognised Specialist in Feline Medicine. She has written several book chapters and peer-reviewed journal articles, predominantly in feline medicine, and has lectured widely. She is interested in all aspects of Internal medicine, but particularly enjoys critical care cases.
