# Omagh Day Presentations

## "Rescue Me"

**A presentation of a few interesting medical and surgical cases from Northern Ireland to China!**

**Dr Jane Reilly BVSc MRCVS**

Liverpool graduate in 1991. Jane worked in Greater Manchester and Scotland before moving back to Northern Ireland in 2000. Jane started work at Rathgael Vets in 2005. Jane strives for clinical and professional excellence in all aspects of her work. She is regularly invited to do talks at local primary and secondary schools and she enjoys sharing her experiences with the children. All Jane's pets have been rescued at Rathgael Vets; Bosco, Whiskers, Hiccup, Astrid and Heidi. In her spare time Jane plays and coaches water polo for Bangor Barracudas. She also likes Open Water swimming and swam to Scotland in a record-breaking North Channel Relay in 2016. Since then, Jane has swum the Catalina Channel Relay and Alcatraz in California in 2019 and the Dal Riata and North Channel in 2021. In November 2021, Jane is a Clinical and Practice Director, at Garden Lodge Vets in Holywood and Stormont.

## "The dreaded "C" word of equine practice"

**A review of literature and treatments surrounding colic in first opinion practice**

**Rosie Alcorn BVSc MRCVS**

Having graduated from the University of Liverpool, Rosie worked in equine practice in Cheshire. In 2019 she returned home to Northern Ireland and pursued her love of equine dentistry working with Carolyn Perkins at the Equine Dental Clinic. For any of you who know Rosie she can often be found on hunting field or out eventing in the summer. She has competed up to international 3\* level including winning the CCI\*\* at Camphire International. She is a passionate and knowledgeable horsewoman and veterinarian. She prides herself in providing the highest level of care to her patients. Her areas of interests include dentistry, sport performance and lameness.

**MSD**

Animal Health

**A word from our generous sponsors**

## "Schroeder Thomas Splints in Large Animal Practice"

**'The practical application of small animal splinting techniques in large animal practice'**

**Aoife Ferris MVB MRCVS CertDHH**

Aoife originally hails from a suckler farm in west Limerick and qualified from UCD. She began working in Lakeland Veterinary Services in Fermanagh and has been there ever since. Her career is truly mixed practice, seeing everything from cattle to llamas to poultry. Aoife completed a certificate in Dairy Herd Health with UCD in 2019, and is currently finishing a Small Animal Ultrasonography Cert. Aoife has a particular interest in surgery and orthopaedics, and has used small animal orthopaedic techniques in large animal practice. Outside of work, she enjoys working with her small Pedigree herd of Shorthorns and walking her two dogs.

## "DSIB services at Omagh Veterinary Laboratory - the diagnostic post mortem- nose to tail"

**AFBI Speaker to be confirmed**

This is a non-competing presentation.
